## Rubber Scraper Mats & Rubber Scraper Logo Mats

### Washing Instructions

SuperScrape mats are great at stopping dirt before it enters a building and are ideal for Value Lease applications.

- SuperScrape mats can be washed periodically to remove soil.
- The formula shown below does not require extensive mechanical action or drying.

Process	Comments	Time	Water Level	Temperature
Flush		2-3 Min.	High	Cold
Break		5-10 Min.	High	120°F (49°C)
Rinse		2 Min.	High	Cold
Rinse		2 Min.	High	Cold
Drain		2 Min.	None	None

- Rotate wash wheel with drain valve in open position to allow excess water to drain off mats.
- Lay mats flat following removal from washer. These mats do not need to be extracted or dried, however they can be if necessary.
